BARBADOS, WEST INDIES.

*Relative to health condition in Barbados.*BARBADOS, WEST INDIES, *August 7, 1896.*

SIR: I have the honor to acknowledge receipt of the Department's circular of June 23, 1896. As no record of deaths, showing causes, is kept in this colony it is impossible to forward the sanitary reports as requested. The health of the place nevertheless is excellent, and the only probability of an epidemic of contagious disease would arise from cases brought here from foreign ports, in which instance I should immediately notify you. I may mention that the quarantine regulations here are exceedingly stringent and are rigidly enforced.

I am, sir, your obedient servant,

GEO. T. TATE,
United States Consul.

Hon. ASSISTANT SECRETARY OF STATE.

BRAZIL.

*Sanitary reports from Rio de Janeiro.*RIO DE JANEIRO, *July 28, 1896.*

SIR: I have the honor to transmit report for the week ended July 25, 1896:

There were 9 deaths from *accessio pernicioso*, an increase of 6; 5 from
